

Reading Award Scheme

In Years 4, 5 and 6 there are four elements to the Reading Award Scheme. Reading material is chosen with teacher guidance and each pupil completes a record sheet and is briefly questioned about each completed book by his teacher. The scheme begins with the Bronze Award in each year group and is intended to act as an incentive to read different types of material to, to appreciate different genres and authors and to discover the variety of ways of presenting the written words.
