In the event of a serious snowfall during the day with it attendant traffic problems, we may have to close Kidzone. No plan can cover all eventualities, but the most likely situation is:

If snow arrives during the day we will contact parents to collect their child early. This should avoid delays due to congested traffic and not cause great inconvenience for children and parents. You will be contacted by phone/text message in this circumstance.

Please feel reassured that the welfare of the children will be of our utmost importance, however, please take into consideration that staff also need to get home safely.
